Discover Kanha National Park

Spanning 940 square kilometres in the heart of Madhya Pradesh, Kanha stands as one of India's largest and most celebrated tiger reserves. This pristine wilderness sanctuary is home to over 125 magnificent Bengal tigers, alongside the rare barasingha (swamp deer), elusive leopards, wild dogs, and more than 300 species of birds.

The park's enchanting sal and bamboo forests famously inspired Rudyard Kipling's timeless classic, *The Jungle Book*, bringing these ancient woodlands to life through literature.
